

Concentrated emulsifying citrus degreaser

De-Solv-it® Aqueous Degreaser (DSI 3000)

FEATURES/BENEFITS:

Powerful	Removes oils, greases, polishing compounds, lapping slurry, inks
Efficient	Can be used effectively to remove contaminants at up to 20:1 dilution rate. Combines the cutting power of a solvent with the lifting power of a surfactant.
Versatile	Can be used manually or in machine cleaning applications including pressure washers & ultrasonics. For tools, components, equipments, floors and surfaces.
No Residue	Fully water rinseable to leave a clean finish
Aerospace Applicable	SMI Boeing D6-17487 SMI AMS 1526B SMI Douglas CSD #1

USE:

Diluted to suit the cleaning application, effective up to 20:1 dilution, but can also be used neat. Apply liberally to the surface to be cleaned and leave to act for 2-3 minutes or longer for severe contaminations (apply agitation where necessary). Once the surface is clean simply rinse off with water.

For heated systems such as ultrasonic tanks the optimum working temperature is 50 °C.

APPLICATIONS:

Highly concentrated emulsifying citrus degreaser formulated to combine the cutting power of solvents with the lifting power of surfactants to remove oils, greases, inks, polishing compounds and lapping slurry. For use in manual & machine cleaning applications.

PRECAUTIONS:

For further information see MSDS

SPECIFICATIONS:

Form Liquid
Colour Yellow
Odour Citrus
Melting Point..... Not determined
Boiling point..... 94 °C
Flashpoint: Non applicable
Density (20 °C) 1,0 g/cm³
Miscibility in water Fully miscible
pH (20 °C) 9.5
