ACTIVE INGREDIENTS:

- Emulsifiers

COMPATIBILITY:

Glass, ceramics, plastic, steel, plexiglass, glazed surfaces, chrome, anodized surfaces.

INSTRUCTIONS FOR USE:

Spray the product on the surface and wipe off with a dry cloth. When used in the food industry the surface should be rinsed with water.

APPROVALS:

TUFF GREEN EVO is NSF A1 registered. It is acceptable for use as a general cleaner on all surfaces in and around food processing areas, where its use is not intended for direct food contact (Nonfood Compounds Registration Program, 154869).

PRECAUTIONS FOR USE:

For more information, consult the MSDS.

All information in this document is based on our practical experience and/or laboratory tests. Due to the multiplicity of conditions for usage and variable human factors, we recommend that you always test our products for suitability prior to use. At any time, this version of the product specification report may have been revised based on legislation, availability of the individual ingredients or newly acquired information. The current approved version is available upon request.
